DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 20, 2005 has been entered.

Allowable Subject Matter

2. Claims 13-27 are allowed.

3. The following is an examiner's statement of reasons for allowance: No prior art has been found to disclose or suggest the increase in a first magnification rate and a decrease in a second magnification rate, responsive to an increase in print resolution or memory capacity, or a decrease in processing load or image data resolution, in combination with the control of the number of times of repetition of pixels shown by the image data magnified by the first processing means to magnify the image data, based on said second magnifying information, as recited in base claims 13 and 21. Applicant's remarks on page 8, line 3 – page 9, line 18 of applicant's amendment filed April 29, 2005 are deemed persuasive in this regard.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
